

Anker touch monitor (Infra Red touch screen)

Size:	19"
Types of touch screen:	Infra Red Single Touch Infra Red Dual Touch (Win.7 or later) Durability : around 60 millions touches
Dimension (mm):	54 (D) x 335 (H) x 489 (W)
Active area (mm):	254 (H) x 405 (W)
Surface Hardness	7 Mohs
Thickness (film + glass)	3-4 mm
Optical Clarity	95%↑
Operating Temperature	-10C ~60C
Power	50W
Operating Voltage	DC 12V± 5%
Operating Current	5mA~25mA
Humidity	<85%
Sealable against	dust ,water, oil , static
Color of the monitor:	Black / Red / Black with silver edge
Contrast ratio:	400:1 (depends on panel)
Brightness:	250 cd/m2 (depends on panel)
Response time:	8 ms (depends on panel)
Viewing angle:	170° /160° (CR>10) (depends on panel)
Resolution:	1440 x 900
Interface:	Display: D-sub Touch: USB
Certificated:	RoHS, CCC
